

CEILINGS LOOKBOOK

AMRON
ARCHITECTURAL

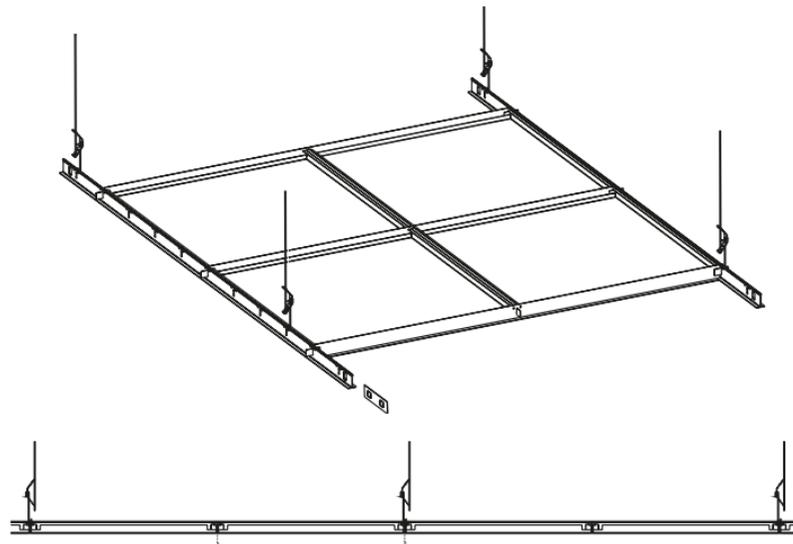

AC100

Lay-in Expanded Mesh Panels in Exposed Modular T-24 Bar Grid

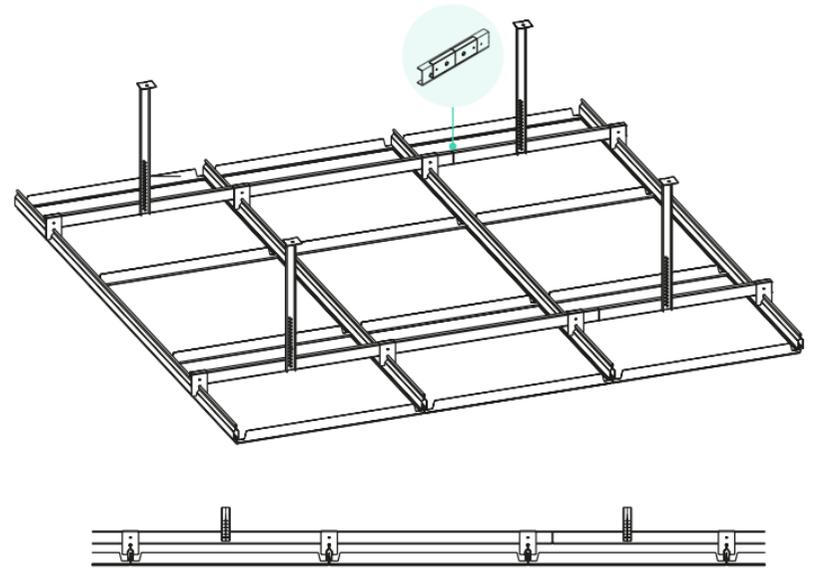

AC110

Lay-in Solid or Perforated Panels in Exposed Modular T-24 Bar Grid

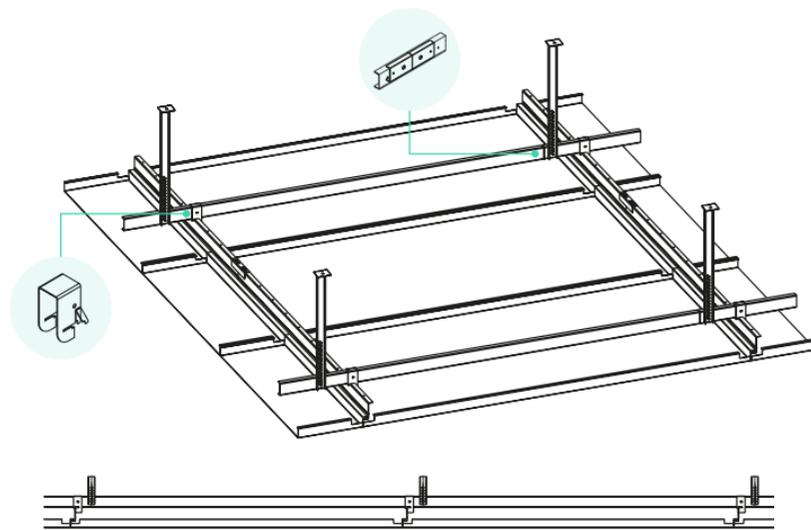

AC120

Clip-in Metal Panels with Concealed Spring Clip Grid

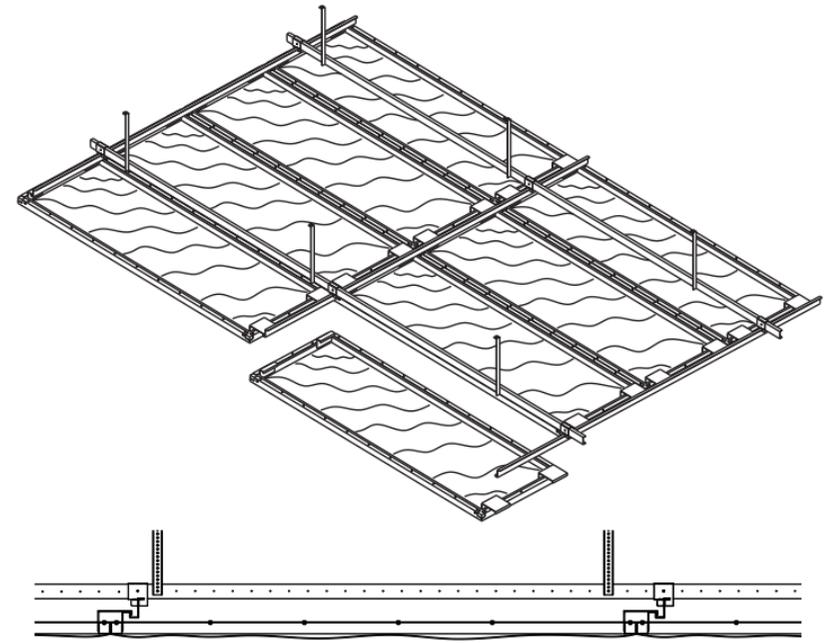

AC300

Wall-to-Wall Hook-on Panels Suspended from Hook-On Z-bar Concealed Grid

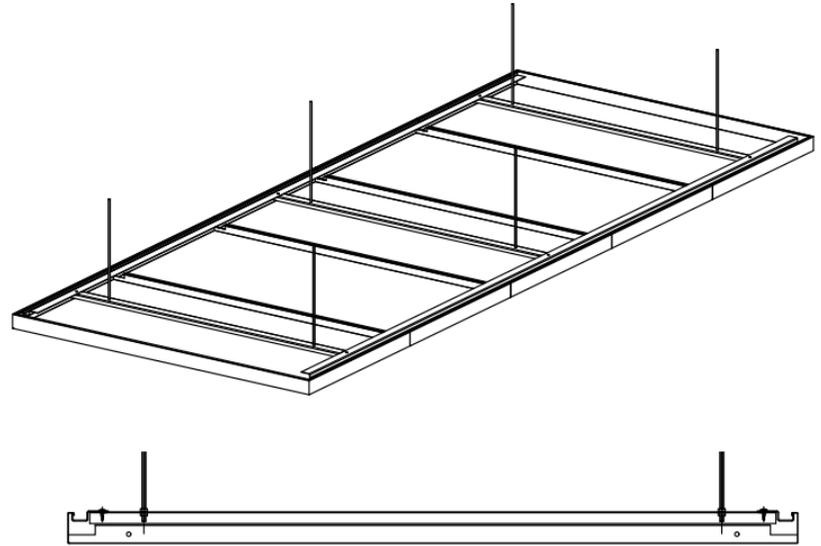

AC300W

Wall-to-Wall Hook-On Water-Ripple Panels, Suspended from Hook-On Z-Bar Concealed Grid

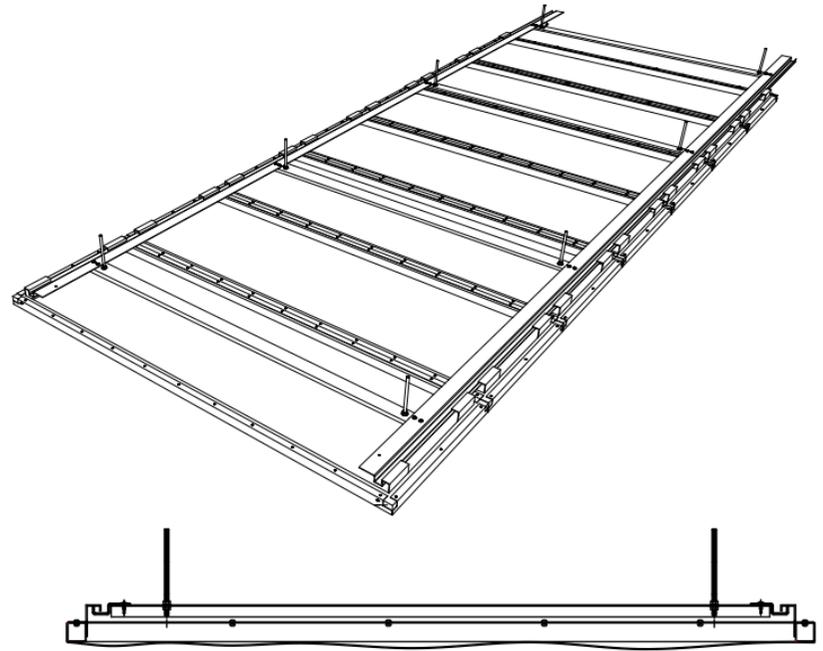

AC320

Shallow Hook-On Raft Panels, Suspended from Hook-On Saucepan Z-Bar Concealed Grid

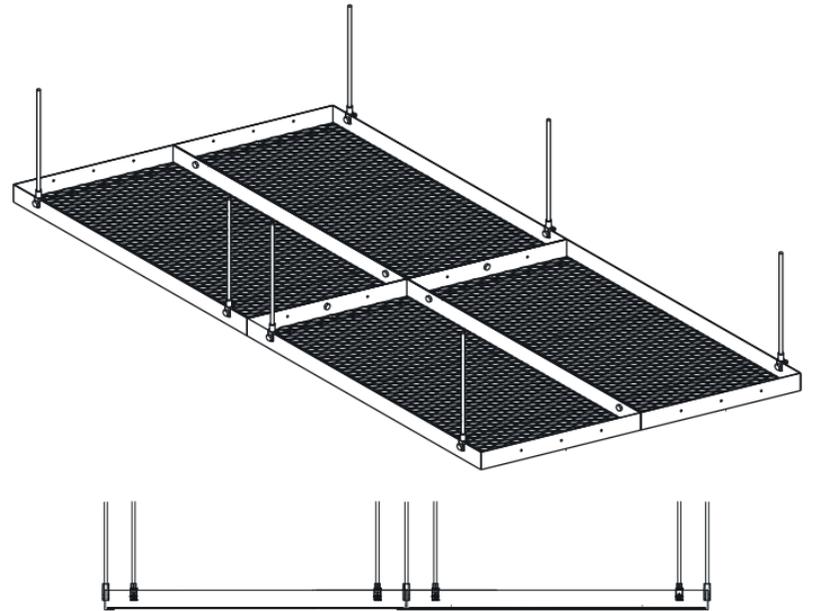

AC320W

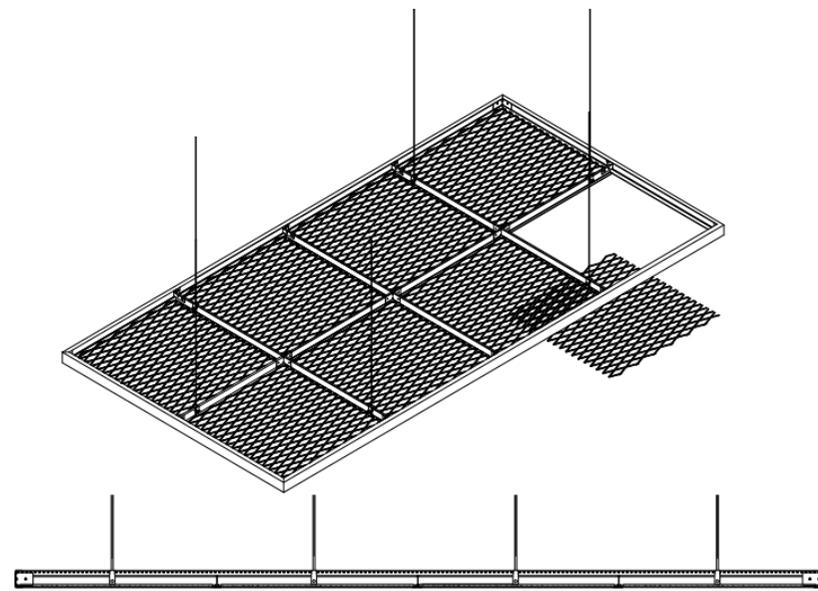

Shallow Water-Ripple Hook-On Raft Panels, Suspended from Hook-On Saucepan Z-Bar Concealed Grid

AC400

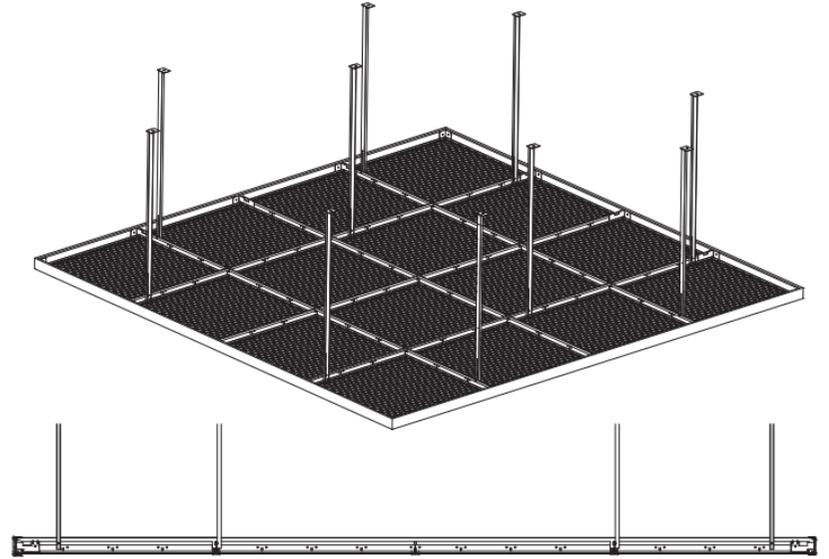

Bespoke Expanded Mesh Rafts, Suspended Independently

Floating Raft with Expanded Mesh Lay-in Panels,
Suspended On Exposed Aluminium T-Bar Grid and
Enclosed with a Floating Edge Perimeter Trim

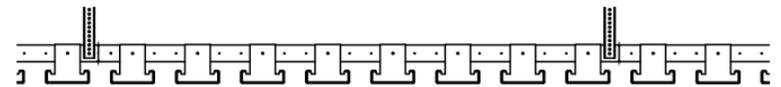

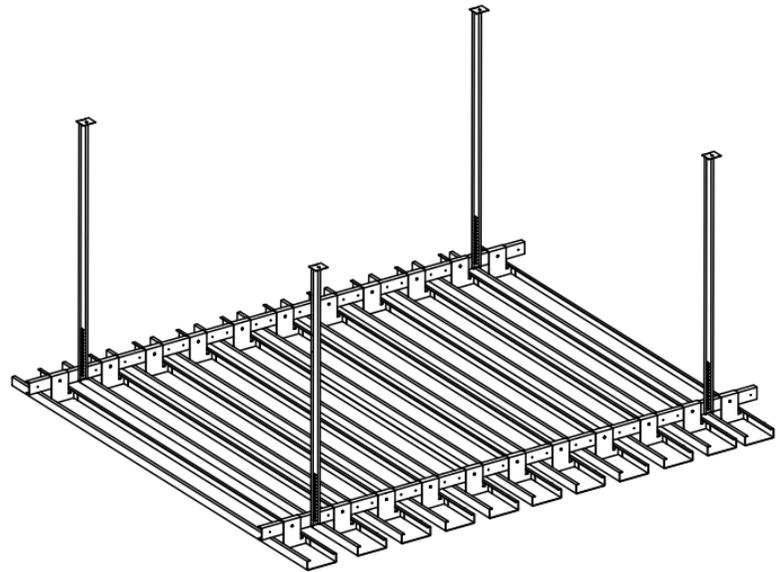

AC550

Floating Raft with Expanded Mesh Lay-in Panels,
Suspended on Exposed T-24 Modular Grid and Enclosed
with a Floating Edge Perimeter Trim

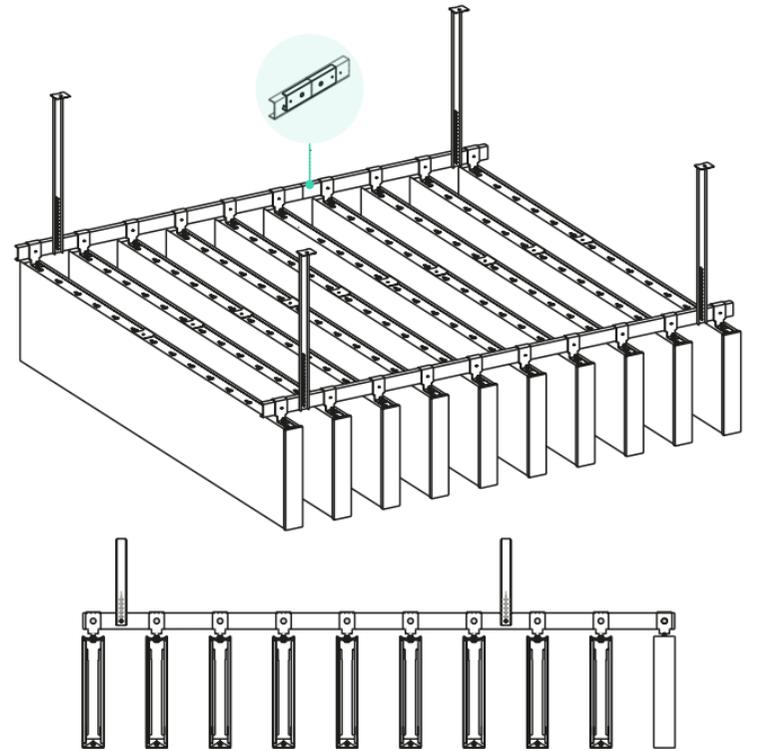

AC600

Shallow Slatted Ceiling Solution with Linear Exposed Steel Service Zone C-profiles and Nominal Gaps Inbetween

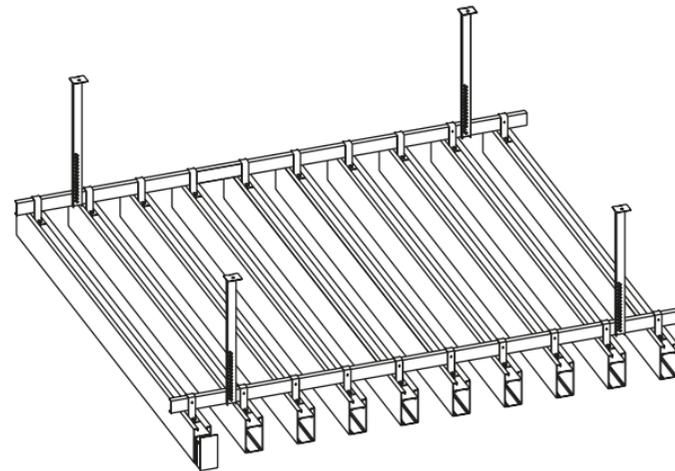

AC610

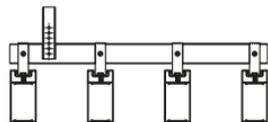

Acoustic Baffle Ceiling Solution

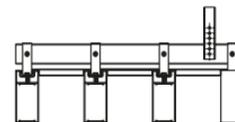

AC620

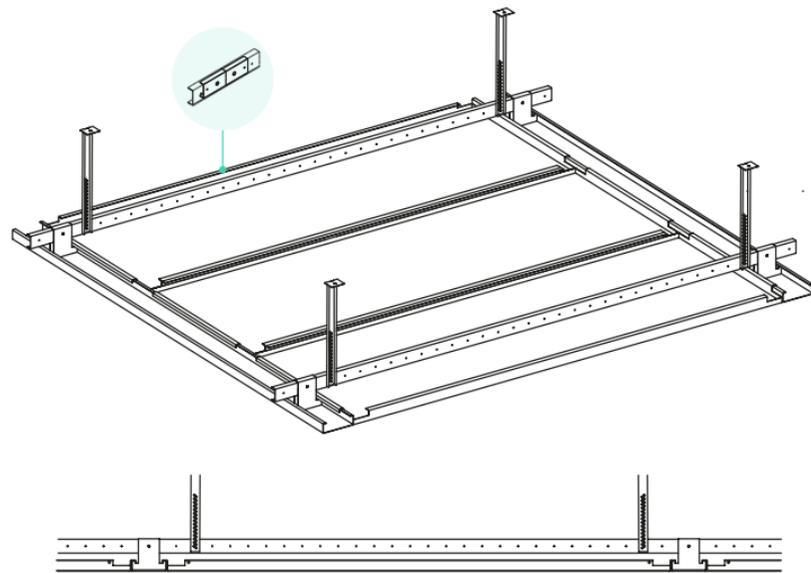

Section - No Acoustic Infill Option

Section - Acoustic Infill Option

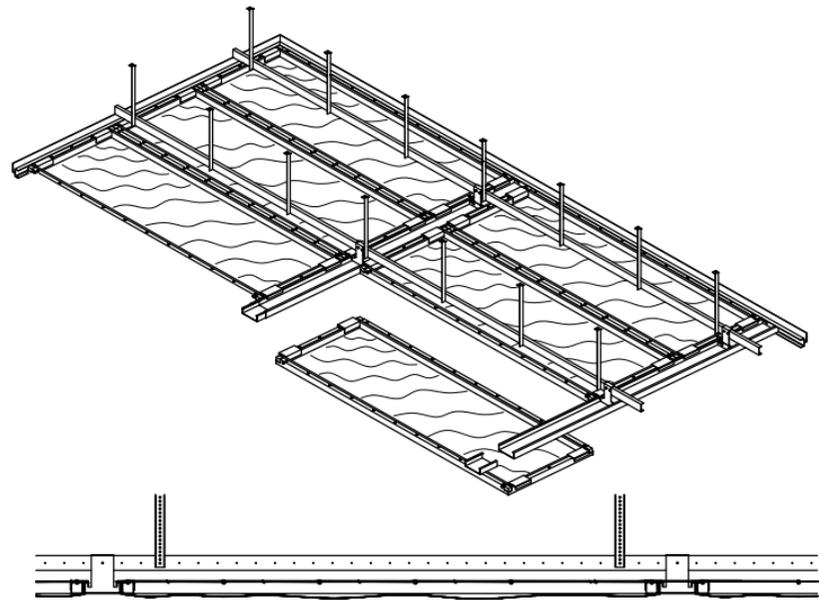

Extruded Aluminium Linear Slatted Ceiling Solution with
Optional Acoustic AC700 Infills

Lay-on Metal Panels with Exposed Supporting Service Zone C-Profiles

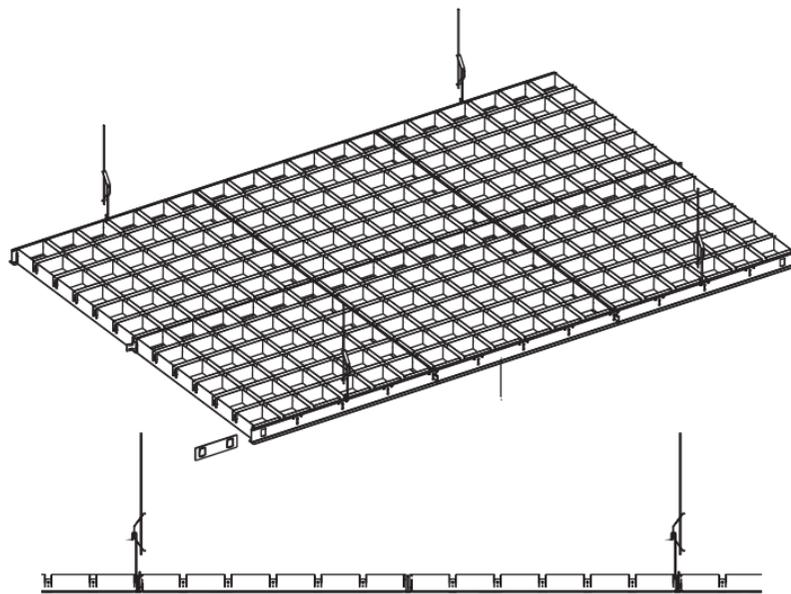

AC700W

Lay-On Water-Ripple Panels with Exposed Supporting Service Zone C-Profiles

AC900

Open Cell Lay-In Ceilings Tiles, Suspended from Modular T-15 Grid
